

NBATC 88 MILER PROGRAM

The program's purpose is to encourage members to hike NBATC'S 88 miles of A.T. that we maintain. NBATC council feels that there will be an overall benefit to the club if many members become familiar with and have hiked the entire 88 miles, from Black Horse Gap to the Tye River.

To receive the award, which is a specially designed patch, the hiker must have hiked all 88 miles after December 6, 1987. The hiker must have been a member of NBATC at the time he/she hiked each segment. Qualifying non-members may receive a patch upon payment of \$5, payable to NBATC. Hikes can be done on your own or with the club on a scheduled club hike. Keep track of the segments you have hiked on this profile map. The honor system applies. As you complete each segment, color it with highlighter or put brackets around it. Mark the date you hike each section. Keep this chart in a plastic bag in your hiking pack. There is no time limit for this program.

When completed, mail to:
